TWO LONG SHOTS WIN

WERNBERG, 20 TO 1, AND POTASH. 40 TO 1, FIRST AT GRAVESEND.

Mutuals Pay \$180.50 and \$242.50-Tame Sport at the Latonia Track -Results at St. Louis.

NEW YORK, May 25.-Alternate sun and rain were the conditions for to-day's races at Gravesend. Seven races were run off, and the favorites the fairly well, although there were two rank outsiders which won. Both belonged to James Mc-Laughlin and both paid those who bet on them remarkably well. In the opening race Wernberg, 20 to 1, got off well in the lead and was never headed and won galloping from Factotum. Mutuals on Wernberg paid \$180.50, \$82.85 and \$30.95. Mc-Laughlin's colt Potash, 40 to 1, got the same kind of a start in the sixth race and won all the way. Mutuals paid \$742.50, \$75.10 and \$23.45 for straight, place and 1. 2 and 3. Summaries:

First Race - Six furlongs. Wernberg won by four lengths; Factorum second by half a length, John Cooper third. Time, 1:17. Torchbearer, McIntyre, Quickstep, La Misere, Flirt, Sir Knight and Kentigerna also ran Second Race-Mile and one-fourth, Ramapo won by three-quarters of a length; Pick Pocket second by three lengths, Prince Klamath third. Time, 2:144. Liz-

Third Race-Five furlongs. Glad won by three lengths; Chicotan second by a neck, Belle of Stonewall third. Time, 1:06%. Corn Cob Eondo and King Gold also ran Fourth Race - Mile and one-eighth George Beck won by one and a half length; Judge Morrow second by three lengths, Galloping King third. Time, 2:00%. Speculation, Hartford, Clarus and Bey also ran. Fifth Race-One mile. Dorian won by half a length; Rubicon second by twenty lengths, Armitage third. Roller also ran.

Sixth Race-Five-eighths of a mi'e. Potash won by two lengths; Canterbury second by three lengths, Cherry Blossom cot third. Time, 1:05. Ninevah, St. Vincent, Windgate, Cora, Tympance colt, Crellan Seventh Race-Five-eighths of a mile. Romping Girl won by a length; Pouch colt second by a length, Pearl Ash colt third. Time, 1:061/2. Navahoe, Little Elia, Vocallty, Surgeon, Lady Bug, Cashmere and Sally Taylor also ran.

Results at Latonia. CINCINNATI, May 25 .- The second day of Latonia's spring meeting had no interesting feature. It was an off day with no stake races on the card. The twenty-six "bookies" did a fair business and came out ahead. It was a poor day for favorites, only one winning, Myrtle, in the last race, at prohibitive odds. One second choice, one third choice and two outsiders

romped home with the money. The track had dried out surprisingly, but was still lumpy and slow. The finishes, except in two cases, were not at all exciting, and most of the winners came in easily. Re-First Race—Purse, \$400; six furlongs. Jacinta won; Adah L. second, Macadage third. Time, 1:2014. King David, Harry Weldon, Racefield, Vandorn and Courtlore finished as named. Second Race-Purse, \$400; seven furlongs. Sayon won; Santa Maria second. W. L. Munson third. Time, 1:33. Jim Dunn and

llinois finished as named. Third Race-Purse, \$400; four furlongs. Miss Lizzie Keller won; Rasper second, Elisworth third. Time, :51%. Staffa, Willis and Annie finished as named, and Burgess Pearce was left at the post Fourth Race-Purse, \$400; six furlongs. Contribution won; Beatifice second, Le Grande third. Time, 1:1914. Zophille, Billy Bennett, Valera, Simrock and G. B. Cox finished as named. Fifth Race-Purse, \$400; nine-sixteenths of a mile. Myrtle won; Jack Farrell second, Jewel third. Time, :591/2. Emma Eames

The judges at Latonia decided to suspend jockey Fitzsimmons, as he has not taken out a license. St. Louis Winners.

ST. LOUIS, May 25 .- To-day's card at the fair grounds was uninteresting and the attendance was small, the greater attraction of to-morrow having an effect no doubt. The speculation to-day was rather light, but of what there was the talent had the best, three favorites and one well-backed second choice landing the money. The track was fast, excellent time being a feature of the events. Results: First Race—Six furlongs, Tim Murphy won: B. F. Fly, jr., second, Edgartland third. Time, 1:15. Second Race—One mile, Henry Jenkins won; Russell Gray second, Oakview third. Third Race-Seven furlongs. Charley Mc-

STOLE BIG FOUR TRAIN

1,000 Clay County Miners Sidetracked at Terre Haute.

After a Great Mass Meeting at Coal Bluff the Men Started for Pana to Help Illinois Strikers.

VIOLENCE COMMITTED

Frightened Pana Officials Swear In 1,500 Armed Deputies.

Stated that Miners at Work in Illinois Prevents Settlement of Strike-Six Companies at La Salle, Ill.

TERRE HAUTE, Ind., May 25,-When a

Special to the Indianapolis Journal.

long west-bound freight train on the Big Four pulled in here at 9 o'clock to-night the tops of the box cars were crowded with miners on their way to Pana, Ill., where, they said, four thousand Illinois miners were to assemble and try to persuade the men at work in the mines to strike. The train was side tracked and the engine run to a safe distance. The officials of the road had telegraphed to the chief of police asking protection for the company's property. The men were quiet, did no cheering and only a few of them left the cars when they

came to a stop. There were 800 or 1,000 of them. Each carload formed a company, with a man named Murphy, from Brazil, as colonel commanding. They came from different mining localities in Clay, Parke and Vigo counties, and, meeting at Grant, a few miles east of here, boarded the cars without offer of resistance by the train crew. All but three hundred of the men are from bituminous mines, the three hundred coming from the block-coal mines in Clay county. One of their leaders said that they had received a request from the Illinois strikers to come over and camp out at Pana to get the men to leave off work there.

"If the two thousand men at work in Illinois, of whom six hundred are at Pana, would come out the strike would soon be brought to an end," said he. "They are keeping 150,000 men from going to work, We do not intend to commit any act of violence; just camp out and try to persuade the Pana boys to join us. We are orderly, as you see. You heard no shouting here, and you will here none. We had mass meeting and agreed that there was to be no violence. It was strictly understood that no man was to take a weapon with

President Dunkerly, of the State organization of the United Mine Workers, was consulting with some of the leaders, when asked if he had had any part in the affair. He said he did not know of it until shortly before the train arrived. The men told him that they were determined to be peaceable and that they were going to Pana on the first train they could catch. Chief of Police Meagher had a conversation with Superintendent Neal, of the Blg Four, over the wire. The Superintendent said that the men were citizens of Indiana and that Terre Haute was better able to take care of them than some small town in Illinois. There was some talk among the men of boarding the through New York passenger train, which passes here at 1:45 o'clock in the morning. Chief Meagher sent for Sheriff Stout and Mayor Ross.

At 11 o'clock it was reported that several hundred are on their way here from Clay county, as many from the south on the E. & T. H. and more from Clinton to the north on the C. & E. I. Mayor Ross telegraphed to Superintendent Neal, saying that he had brought the men here and ought to send them on or take them back. Neal answered that he would not hau! them west of Terre Haute, and that if the authorities are not able to protect the company they had better call for help. Colonel Murphy said at midnight that the miners intended to stay here until the company took them west. They would not undertake to capture a train and run it intend to be law-abiding citizens.

themselves. If the city authorities ordered them out of the city they would go, as they LATER-1:40 a. m .- The Big Four offiials have decided to make no attempt to move the freight train west until 8 o'clock own recognizance to appear at the July in the morning, when Mayor Ross has term. tecting the company's property. The midnight west-bound passenger train was sent over the Vandalia.

do penance for his sins and to a tone for the great scandal he has caused for the faithful." The Mass Meeting at Coal Bluff. special to the Indianapolis Journal. BRAZIL, Ind., May 25,--Intelligence reached here late this evening from Coal Bluff that at the miners' mass meeting there to-day it was decided for the strikers te go to Pana, Ill., en masse and force the men who are working there to come out. In accordance with this decision about six hundred miners left on the Big Four for that place to-night. The outcome of this move is likely to make serious trouble. and Ladies of America." The application This afternoon special trains on the Chicago & Indiana Coal road conveyed a number of block coal miners to Coal Bluff, north of here, to participate in the meeting to determine whether or not to go to Pana and assist the strikers there in stopping a number of men at work in the mines. A prominent miner said that the meeting at Coal Bluff was one of the greatest turnouts of miners ever seen in the State. It is claimed that the C. & E. I. officials furnished the men the petitioners, is illegal. Charges of mis-conduct are also made against the officers of the society. The order is small in point transportation to Coal Bluff free, and that the Big Four has offered the men free transportation to Pana in case they decide to go. The soliciting committee for the miners, which has been at work in the city for the past few days, claims it has met with great success. It is also understood that Debs, of the American Railway Union, has offered the miners help from that association. The railroad employes are in sympathy with the miners and are doing everything in their powe, to aid the strikers.

Mr. McCoy, general manager of the Monarch Sewer Pipe Company, said to-day he contemplated putting several men to work in the company's mine Monday, and called on the sheriff for protection. This, it is believed, will create trouble A representative of the Terre Haute Brewery Company was in the city to-day endeavoring to induce the miners to permit the company to operate a mine which they have control of, thus preventing the closing down of the brewery. The miners were unwilling to make any concessions, and it is probable that the brewery will have to go without

The Train Was Stolen. General Superintendent Van Winkle, of the Big Four, stated last night that at Fontanet. Clay county, a large force of coal miners had boarded a freight train west bound. The trainmen were powerless to dislodge the miners and they proceeded to Terre Haute, where it was side-tracked by order of the officials. Mr. Van Winkle said a decision would be reached to-morrow as to the best course to pursue, and that in the meantime no trains would be run through the localities where the disturbances prevail until some guarantee of protection were given.

Situation at Pana. PANA, Ill., May 25.-The people here are n a wild state of excitement over the reportd approach of foreign strikers who

are on the way to force out the men here and do damage to the mining plants. Late telegrams from Illinois Central trainmen say two thousand men are en route to Pana from southern districts. Also, that one thousand are coming here from northern districts. All day citizens were being sworn in and all the working miners who desired were made deputies and armed along with those citizens who were sworn in at last night's deputies and armed along with those citizens who were sworn in at last night's
mass meeting and at the monster meeting
held at the hall this evening. There is
now a total of about 1,500 deputies armed
and on duty. These companies are drilling this evening and are in readiness to
be in line at a moment's notice. The
guard is composed of the best citizens of
the town. The meeting this evening wass
a most enthusiastic one, every deputy declaring himself ready for service. Everyclaring himself ready for service. Every-thing is in readiness for the rioters' ar-rival and the reception given them will be

MILITIA AT LA SALLE.

Six Companies Camped on the Bluffs-Strikers Still Furious.

LA SALLE, Ill., May 25,-Six companies of the Third Regiment, Illinois National Guard, under command of Colonel Bennett, are camped on a bluff in the eastern part of the city, and their presence seems to be having a salutary effect on the turbulent striking miners. There was another serious break this morning, when a number of miners went to the La Salle Carbon shaft, mobbed the engineer and made him leave the engine room, threatening him with assault if he returned. This was before the arrival of the militia.

The miners had a meeting in Turner Hal this morning, and speeches were made by Adjutant-general Orendorff, Mayor Matthiessen and Hon, David Ross, who counseled the men to be calm and orderly. There was afterwards a "closed" meeting at which only miners were present. The speeches and actions were then of a very vicious and incendiary character, and looked for some time as if there might be another riot, but finally the cooler heads persuaded the strikers to be quiet. The thing that is now irritating the strikers is the detention of two of last evening's riot-ers in the Ottawa jail, and if the men are not given a speedy trial there will yet be serious trouble.

A fracas occurred in the northern part of the city this evening, when a number of strikers severely beat and kicked a miner named Birkowski, whom they accused of being a spy. The man is very seriously inat the military camp, so far, was a slight collision between the crowd and pickets The mob was closing in around the sol-diers, and it was necessary to drive them back at the point of the bayonet. One man named Meisenbach became very abusive, and received a prod with a bayonet, being subsequently taken to the guardhouse. Th attitude of many of the more unruly strikers is very threatening, and trouble may be looked for at any time.

Uneasiness at Ottawa. OTTAWA, Ill., May 25 .- The trouble at LaSalle and the threats of the mob there to come to this city to release their three comrades who were brought here and jailed have caused much uneasiness. Every preparation is being made to guard against trouble. The sheriff at LaSaile telegraphed here to-night that if the prisoners were released and brought to Peru for trial the miners would make no trouble State's Attorney Duncan replied that the ing to the latest reports the miners of L Salle, Oglesby and Spring Valley are pre-paring to march to Ottawa and liberate the miners by force. The city authorities have made ample preparations. Officers have been stationed on all the roads leading into Ottawa, armed with shotguns and

and destroyed several hundred worth of property. HARMLESS FUSILLADE. Strikers Fire at the Centralia Mine

Company's Office.

Vinchester rifles, acting in the capacity

of pickets. The whole town is prepared for

a skirmish. This afternoon the miners of

Oglesby visited Split Rock shaft, at Utica

CENTRALIA, Ill., May 25 .- Despite their defeat and the capture of a quarter of their number yesterday, at Odin, the Duquoin miners made another attack on the Centralia mines before dawn to-day. Just about 3 o'clock about fifty of the strikers crept stealthly to the mines, which had been left lightly guarded in the belief that any attack, if made, would be on the armory, where the arrested men were confined under heavy guard. The first known of the strikers' approach was a tremendous fusillade of bullets against the mine company's office. The guards returned the fire with their Winchesters, and the attackers took to their heels. So far as known no hurt. Assistance the guards and no trouble occurred. A little o'clock the troops ordered under Col. R. M. Smith arrived and the town was immediately put under military guard. The arrested Duquoin men had hard night of it on the armory floor without bedding, and all are very bitter. Zim-mer, one of their leaders, asserts that none of the Duquoin men committed any overt acts of others. This evening the attorneys for both sides decided that the seventy-nine men under arrest should waive a preliminary hearing and confess to a charge of conspiracy. Twenty of them will be held in bonds and the others released on their

Governor Altgeld's Order. SPRINGFIELD, Ill., May 25.-Governor Altgeld, late this evening, issued the following general order:

"It is not the business of soldlers to act as custodians or guards of private prop-erty. The law authorizes them simply to assist the civil authorities in preserving the peace, quelling riots and executing the Wherever troops have been or may hereafter be ordered out, and an owner property feels it necessary to have it guarded, he must do so at his own expense, and, in such a case, the troops can be used only for the purpose of promptly quelling a disturbance of the peace or suppressing a riot, or in some other way enforcing the law. Adjutant-general Orendorff telegraphed from LaSaile this evening that since the arrival of the troops everything had been quiet. Many wild rumors are being circu-lated, but nothing of importance has occurred.

Baffled by Armed Officers. CARTERSVILLE, Ill., May 25 .- There have been no outbreaks here, but fully 1,500 strikers, including delegations from Mur-Harrison, Muddy and other points, ground. They mad demonstration against the works here to force out the 250 men at work there. They found a large force of well-armed officers and concluded not to try Centralia tactics. Superintendent Brush, of the Big Muddy, has announced his determination to work the mines, and Sheriff Dowell swears he will give all the protection available in Wil-

liamson county. Would-Be Workers Beaten. DECATUR, Ill., May 25 .- A crowd of two hundred miners was around the coal shaft to-day when the new men came to work. They kept all but twelve from going to work. Two were beaten with fists. The old men have been around the company's property all day, but have done no other dam-

COLLUSION IN THE STRIKE. Operators Charged with Standing In with the Coal Miners. Special to the Indianapolis Journal.

less to longer conceal the fact that there has been more or less of collusion in the present coal miners' strike between operators and miners, especially in Ohio. That there was collusion before the strike was ordered is a settled fact, and the miners resent the public criticism of themselves alone for the present condition of the coal supply, and are consequently exasperated with the operators for not carrying out what they believe is their part of the strike scheme. Assistant State Mine Inspector Commeskey, who for several years was president of the United Mine Workers, said o-day that the men were impatient because the operators did not get together and pay last year's scale. The men, he

said, had been out a month, and so com-pletely cut off the supply of coal that prices had been established which would permit of last year's price for mining.

The executive committee of the Indiana Bituminous Operators' Association, to whom was referred the management of the whom was referred the management of the strike by the association, at its meeting yesterday, has decided to send a committee of three to the meeting of Illinois operators called for Springfield part Monday. The reports made to the meeting of Indiana operators last night were that not more than 2,300 of Illinois's thirty thousand miners were at work, and most of these in the employ of the Consolidated Coal Company. The miners will make redoubled efforts to get them out in the next few days, as it is believed that their work is holding back the settlement that otherwise could be reached in a short time.

Fruitless Conference in Illinois. ST. LOUIS, May 25 .- A fruitless conference of mine operators and owners and representatives of the coal miners of the southern portion of Illinois was held here to-day. Both sides were fully represented, but the operators found themselves unable to agree to the propositions. The represent-atives of the strikers insisted that their national organization should be recognized and that no settlement be made except through the miners' executive committee appointed recently at Cleveland. The operators were firm in their intention to deal only with those directly interested with them in southern Illinois work, and as a result, after considerable discussion; came to a fruitless end.

Still Watching the Little Mines. Special to the Indianapolis Journal. PETERSBURG, Ind., May 25.-There were several visiting miners still encamped at the Little coal mines this morning. They are quiet and peaceful. It is generally believed that they will all go home this week. Only a few of the armed deputies remain at the mines. They do not anticipate any further trouble. It was reported yesterday that S. W. Little, the operator of the mines, had decided to discharge the guards, as he thought all signs of danger had passed. The strikers have been sending wagons through the country this week

asking for provisions. Situation at Leavenworth. LEAVENWORTH, Kan., May 25.-The strikers who were marched across the new bridge into Missouri late yesterday afterall in this city to-day. They were rowed over during the night in skiffs by sympathizers from this side. Agitators are scattered throughout the city. The police department is in sympathy with them and local labor organizations are promising them support. Delegations of strikers visited the mines this morning and argued with the men as they assembled to go down for the day. As a result over one hundred men employed at the mines refused to go to work.

Ardmore Men Quit. MACON, Mo., May 25.-At Ardmore the coal miners, some five hundred in all, have quit work pending a meeting to decide whether they shall yield to the persuasion of two hundred delegates from the striking miners of Huntsville, Higsbee, Bevier and other points, who are trying to induce the Ardmore men to join the general strike. The Kansas & Texas Coal Company has called on Sheriff White for guards. There has, however, been no disturbance.

4.000 Return to Work. KNOXVILLE, Tenn., May 25 .- Four thousand miners of the Coal Creek district, who have been on a strike since April 21, returned to work to-day. The terms at which they go back are the same as those in effect when they went out. So far as this district is concerned the strike is broken. The miners are still out at Jellico and Oliver Springs.

All Called Out. FORT DODGE, Ia., May 25.—Delegates from southern Iowa arrived to-day and called out all the miners in this county, about six hundred men.

CHARITIES AND CORRECTION.

Papers Read at the National Conference -Invitation to Soldiers' Homes.

NASHVILLE, Tenn., May 25.-The National Conference of Charities and Correction reassembled to-day, President Storrs presiding, Rev. I. J. Van Ness, of Nashville, opened the proceedings with prayer. Mr. Byers, of Ohio, chairman of the committee on reports from States, read reports from Alaska, Alabama, Ontario, Manitoba, California, Connecticut and Delaware, Mr. Mills, of Denver, read a report from Colorado. The latter report received applause at mention of political equality between men and women and its practical and satisfactory working in that State. The reports from the States gave interesting facts and figures concerning charitable work in various lines. The Conference adopted a resolution instructing the corresponding secretary of the organization to extend a cordial invitation to the several soldiers' homes throughout the Nation, both North and South, State and national, to send representatives to the annual conference, and that the management of such homes be given a place upon the programme. Dr. Edward N. Brush, superintendent of the Sheppard Asylum, Marythe insane. The paper was discussed by Mr. Letchworth, of New York, and Dr. The afternoon was devoted to sectional

Knight, Connecticut; Mrs. Soahl Barrons, Boston; Mrs. Dr. Lathrop, Chicago; Alexander Johnson, Fort Wayne, and Dr. A. C. Rogers, Minnesota. The leading feature of the meeting was a paper by Will S. Mon-roe, of Leland Stanford University, California, on "Feeble-minded Children in the Public Schools." The paper was briefly discussed by those present. The section on insanity met and had general discussion as to asylum management. The section on child saving-work work was alled to order by Chairman Homer Folks, and Mr. C. W. Birtwell commenced the discussion, his topic being "Investigation." He dealt with the inaugural step in the finding of a home for the friend-less child. The topic was further briefly discussed by Rev. Frank M. Grezg, D. D. Chicago; Rev. E. P. Savage, St. Paul Minn.; E. P. Bicknell, of Indiana; Herbert W. Lewis, Washington; William P. Litchworth, Buffalo; Mrs. Annie B. Richardson, Massachusetts; Mrs. Caroline H. Pemberton, Philadelphia, and J. J. Kelso, Toronto. The night session was held in McKendree Church, and there was a good attendance. The subject of discussion was "Organized Charity and Its Methods as Tested by Times of Industrial Depressions." Dr. James W. Wolk, of Philadelphia, chairman of the committee on charity organization, read the report of the committee. Charles D. Kellogg read a report on the distress in New York. James F. Jackson, of St. Paul. Minn., read the report from that city; Chairman Wall read the Philadelphia re-port, and Philip W. Ayres read the Cincinnati report. Other reports were not read for want of time. Brief reports were then made from Buffalo and Baltimore. General discussion followed. Committée on time

meetings. The section on the care of the

feeble-minded met with a number of distinguished specialists present, among them Dr. J. Q. A. Stewart, Kentucky; Dr. George

and place reported in favor of holding the next conference in New Haven, Conn., in May, 1895, which was adopted. FORGOT HIS BOMB,

And Used a Pistol in Its Place-Shooting Affray at Brooklyn.

BROOKLYN, N. Y., May 25.-William Wegerle, while at supper to-night was visited by Adolph Brenner, his former part-TERRE HAUTE, Ind., May 25.-It is usener, who called to settle their business matters. Brenner thought he was being cheated by Wegerle and, failing to secure satisfaction, drew a revolver and shot Wegerle in the shoulder. He then fired a shot at Mrs. Wegerle, which, fortunately, missed her, and then turned the weapon upon himself, inflicting a wound in the head. The police removed both men. Upon searching Brenner they found a dynamite searching Brenner they found a dynamite bomb containing about a quarter of a pound of explosive. The desperate man admitted that he intended blowing up the house with it, but forgot the bomb in his excitement. A card in his possession hore the statement that he committed the dead because Wegerle had ruined his life. The physician to-night and that both men would because the statement that he committed the dead because Wegerle had ruined his life. The

Eleven Men Blown Into Eternity by Riotous Strikers.

One Hundred Pounds of Giant Powder Dropped Into a Mine Shaft Near Cripple Creck.

ALL TOILERS BELOW KILLED

Strong Force of Officers Preparing to Give Battle.

Reign of Terror in the Gold Camps-Penusylvania Coke Region Rioters Routed by a Cold Rain.

CRIPPLE CREEK, Col., May B.-Eleven men killed, with a strong probability that the number of dead will be increased when all is known, is the record of the first day of trouble here, although real fighting has not yet begun, as the deputies are awaiting reinforcements before beginning active operations. At 10 o'clock this morning eleven men started to work in the Strong mine on Battle mountain. Shortly afterward a large party of strikers blew up the shate liouse with powder, causing a loss of \$23,000, and then dropped one hundred pounds of stant powder down the shaft, which was also exploded, killing all the workmen,

Not more than three hundred yards from the Strong shaft house sixteen med who had been engaged to go to work in the Independence mine were surrounded in their bunk house, and after a long parley agreed to surrender. Each one was armed with a rifle and o brace of to volvers, and the arms are now in the pos session of the strikers.

It is rumored that the strikers attacked the Anna Lee mine, overpowering the guards, after which they blew up the shaft house, but the rumor has not been verified. When the deputies are finally massed and the two forces come together a most desperate battle will doubtless be fought. The situation at 6 o'clock to-night is one of most painful anxiety. Not a few believe the town will be a smoldering mass by another sunset if the strikers be

At Victor, six miles away, where fully one thousand people reside, a reign of terror exists. Within half a mile of the corporation limits of the town all day long fully three hundred union miners, armed with rifles, have paraded up and down the side of the hill Occasionally a detour into the village would be made and the people whom the miners thought to be objectionable were ordered to leave the place. The guards from Denver, upon arrival at Victor, went into camp on a neighboring hill. The strikers threw out a picket line entirely surrounding them, but at a distance that guarantees them safety from the depu-

It is said that the strikers have planted under their breastworks on Bull hill a quantity of dynamite with the intention of blowing it up if it should be taken and occupied by the deputies. One of the largest mine owners in Colorado Springs is authority for the statement that the mine owners have planted a rifle cannon on a hill commanding the breastworks and that it will be used to dislodge the strikers

All sorts of rumors concerning the doings at the Strong mine were affoat tonight. One is to the effect that the workmen were not killed, having been warned off by masked strikers. All telephone connections have been broken and it is feared the telegraph wires will go next. The deputies from Denver have withdrawn to a less exposed position, where they will await reinforcements. The strikers, from their stronghold on Bull hill, can view the country for miles, and all passes are guarded by them. Every stranger is intercepted and not allowed to proceed towards the town unless a satisfactory explanation of his business is given. No one is permitted near enough to the seat of war to be in danger, and the streets of Cripple Creek and Victor, as well as the passes, are patrolled by miners carrying Winchesters and revolvers. The capture and disarming of deputies, numbering eighteen, which occurred this morning, was accomplished by women, and ever since the occurrence two of the women have been holding high court in a saloon, where the strikers shower congratulations on them. Two wagons loaded with powder and cartridges for one of the mines were captured by the strikers and their contents confiscated

Sam McDonald, superintendent of the Strong, Anna Lee and Gold King min's, and Charley Robinson, foreman of the Strong, are missing, which gives credence to the story of slaughter. If the men were in certain portions of the mine the concussion may not have killed them. Samuel Strong, owner of the mine, is given as authority for the statement that eleven men

It is raining furiously and any further move to-night is not looked for. Deputies have been coming in quietly all day, and it is thought an unexpected move is antici-

IN PENNSYLVANIA. Ardor of Mob Chilled by Cold Rain-

Stickle Hollow Casualties,

CONNELLSVILLE, Pa., May 25.-The cold rain last night dispersed several mobs of strikers and probably averted bloodshed. The strikers were excited over the killing of their fellow-workmen at the Washington mines, and were ready for any desperate undertaking to revenge the slaughter. Several mobs were organized with the avowed intention of killing some deputies, but the cold rain and biting northwest wind drove them to shelter. The leaders announced last evening that the men were becoming desperate and that it was beyond their power to control them. Numerous appeals were sent out to the local lenders to hold the men in check, but to each appeal the answer was returned that the men could not be kept under control any longer. When the news was received at headquarters that the mobs were forming the leaders gave up and waited developments. The first mob was formed acar
